Using Google Hangouts and Classroom Responsibly

During the school closure, you have full access to Google Hangouts and Google Classroom. Even though you are at home, you are expected to follow school rules and expectations when using your computer.

Expectations:

- Treat all participants kindly.
- Use appropriate language when interacting on Hangouts.
- Your Google profile picture is school appropriate.
- Only post school appropriate material.
- During scheduled sessions with your teachers, do not use your cellphone for other things. This is a scheduled class time.
- During scheduled sessions with teachers, the conversation and chat should be focused on the discussion within the class, not social conversation with your classmates. We know you are missing your friends, but we have a limited time with you. We want to make the most of it.
